

NEW MOTION OF THE EARTH.

From observations extending over a period of seven years the Frenchman, Albrecht, has demonstrated that the earth has a new movement in addition to the recognized eleven.

The twelfth movement is that of a terrestrial pole to the extent of fifteen to seventeen minutes per annum, giving rise to a slight variation of latitude for all countries. Mr. Albrecht attributed this displacement more especially to the variation of the equilibrium produced by the movement of the ocean's surface.

The newly discovered movement is supposed to have been a potent agent in affecting the relative distribution of land and water in the equatorial zone, which theory is corroborated by the actual state thereof. Albrecht says: "One of the results of the change in the position of the polar axis and the variations of the intensities of centrifugal force on the equatorial zone would be that, for points diametrically opposed, the decrease in centrifugal force at one point would necessarily imply an increase in force at the opposite point, so that if a subsidence took place in one elevation in the other, so that where the equator traverses land representing elevation it should be found traversing the ocean or low land at the opposite end of the diameter corresponding to this elevated land surface."

THE GAS PROPOSITION.

The following is the proposition submitted to the City Council on Tuesday, December 13, by the Standard Gas Company of America to furnish gas to the citizens of Alexandria: To the Honorable City Council of the city of Alexandria, Va.: Gentlemen:—The Standard Gas Company of America, having its headquarters in the Bourse Building, Philadelphia, Pa., desire to submit to your honor and the city the proposition for furnishing gas to the city of Alexandria, of equal candle power to that now used by it and its consumers, the purposes of the company being simply to manufacture and deliver to the city, leaving the management and control of the gas works and the supply of gas, and its distribution entirely within the province of the city and its officers as now constituted, so that there need be no change or interference by said company in the conduct or management of the gas office and leaving the city to dispose of the gas as furnished at such price as it may deem right and proper. With that object in view the company submit for your consideration and approval the following proposition: to wit:

1st. That we will furnish and deliver to the holder a coal gas of equal candle power to that now used by the city for the price of \$60 cents per thousand feet, measured to be taken by meter measure as passes from the holder on to the city.

2nd. To carry out the purposes of this proposition the company shall have the use and occupancy of the plant now in operation for the manufacture of gas and for such improvements as may be necessary. And any and all such improvements as may be made shall be made at the expense of the company, and at the termination of this contract shall revert to and become the property of the city of Alexandria.

3rd. In the event of a contract being made in pursuance of this proposition it shall continue and remain in force for the period of 25 years from date thereof and the company will enter into a good and sufficient bond for the performance of their contract and be ready to furnish gas in 90 days from the acceptance of this proposition.

4th. That the payment to the company for the said gas used by the city shall be made to the city in three months.

STANDARD GAS COMPANY OF AMERICA.  
By JAS. B. FLANNIGAN, Attorney.  
December 13, 1893.

Two Pointed Questions Answered.  
What is the use of making a better article than your competitor if you can get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can we make the public to know your make is the best?

Our both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by J. H. Janney, Druggist, 701 King Street.

What is commonly known as heart disease is frequently an aggravated form of dyspepsia. Like all other diseases resulting from indigestion, it can be cured by Kodol Dyspepsia Cure. It digests what you eat. Edger Wardfield, Jr., corner King and Pitt streets.

VIRGINIA.—In the Clerk's Office of the Corporation Court of the city of Alexandria, on the 30th of November, 1893.

In the application of William H. Smith to purchase delinquent land.  
Memo: To the Clerk of the Corporation Court of the city of Alexandria, Virginia, as provided by the acts of the General Assembly of Virginia, amending section 666 of the code of Virginia, 1887, I hereby make application to purchase a lot of land standing in the name of William Baker's estate and bounded and described as follows: Beginning on the east side of Alfred Street 92 feet north of Orsonos street and running thence 84 feet on Alfred street; thence east 123 feet 5 inches; thence south 84 feet; thence west 123 feet 5 inches, situate in the city of Alexandria, Va., purchased by the Auditor of Public Accounts of the State of Virginia, and was sold by the Treasurer of said city on the 16th day of March, 1892, and at the date of this application standing in the name of William Baker's estate, and I am prepared to pay the amount so paid for its purchase, and all subsequent taxes, penalties, costs and levies.

Given under my hand this 19th day of October, 1893.  
WM. H. SMITH.

It appearing by an affidavit filed in this cause that the defendants, the heirs of William H. Baker, whose names are unknown, that after the use of diligence the names and residence of said unknown heirs could not be ascertained, it is ordered that said defendants appear here within five months after due publication of this order, and if they fail to do so, that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the city of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city. A copy—test:
